Who We Serve ?

MUNICIPALITIES

We've established long-term contracts with local municipalities; as an essential part of the community. We take pride in enhancing environmental sustainability through our dedicated services.

PROPERTY RECLAMATION PROJECTS

We assist reclamation stakeholders by providing sustainable reuse solutions that enhance environmental performance and regulatory compliance for their projects.

TRANSPORTATION/TRUCKING

We support trucking companies by offering sustainable waste management solutions that reduce disposal costs and environmental impact.

AGRICULTURAL STAKEHOLDERS

We support agricultural stakeholders by offering sustainable reuse solutions that improve soil health, enhance crop productivity, and ensure environmental stewardship.

Sustainability & Beneficial Re-use

Through strategic partnerships with agricultural stakeholders, we have effectively incorporated water treatment lime materials into soil improvement programs, enhancing soil fertility and crop yield.

[EXPLORE](#)

1,300,000

Since our inception we've redirected 1,300,000 tons that would have went to landfills

Specializing in Reclamation

RRD boasts over 16 years of experience in the agriculture and environmental industry, specializing in crop and soil sciences. We have established a robust network of retailers, consultants, and growers to promote the awareness and adoption of the beneficial re-use of municipal Drinking Water Treatment Material (DWTM) to promote environmental responsibility. RRD is particularly focused on the utilization of municipal by-product materials and has applied over 1.3 million cubic yards across Ohio and Michigan.
