

First Floor Additions for Extra Space and Style Without Sacrificing Your Garden

The thought of gaining extra living space without sacrificing your cherished garden might sound like a dream. With **first-floor additions** crafted by Prem Built, that dream becomes a reality. Whether your family is growing, or you simply crave more room to live and breathe, first-floor additions provide the perfect solution.

These additions are designed to seamlessly blend with your existing home, enhancing both functionality and style. By building upwards, you preserve your valuable outdoor space while creating more room indoors. Imagine having a dedicated office, spacious guest bedrooms, or a sunlit retreat for relaxation – all without the need to move house or compromise on garden space.

We are Here to Help!

At Prem Built, we bring years of expertise to each project. From the initial concept to the final build, our team works closely with you to ensure the design reflects your lifestyle and needs perfectly. Whether tackling overcrowding or adding value to your property, we prioritise thoughtful layouts and premium materials for a home upgrade that truly stands out.

We pride ourselves on a customer-centric approach, keeping communication open and priorities clear throughout the process. With us, you're not just building extra space – you're investing in a home tailored to your family's needs without disrupting what you already love.
