# ABOUT US

Comfort Elevators has been a trusted name in elevator maintenance and installation since 2009, delivering exceptional service and technical expertise. Initially focused on comprehensive annual maintenance for all elevator and escalator brands, we have expanded to offer renovation services, including cabin upgrades, controller replacements, and VVVF system conversions. As an authorized dealer for Fuji Japan Elevators, we handle seamless installations and maintain over 5,000 units annually. Our expert team, with experience from leading brands like Mitsubishi, Otis, Schindler, Fujitech, and Kone, ensures reliability and efficiency in every project. At Comfort Elevators, we are committed to enhancing safety, performance, and longevity in vertical mobility solutions.
